Subject: Draft Communications Documents - Dimock

As a follow-up to a meeting this morning in Ron's conference room and in an effort to get us all on the same page with communications, attached are copies of the various communications/messaging documents that were being worked yesterday. I won't swear that any of these are the absolutely last version floating around but I do believe most of them were pretty close to the final drafts. Please do not waste time at this moment editing these unless you were assigned that task this morning. Just trying to set the stage for future reviews and share info at this point. Thanks, den.
